Plan your professional development for the 18-19 school year.

At Demonstrated Success, we believe that the best solutions derive from collaboration between colleagues, combined with action-oriented professional development. We work with educator teams to cultivate their common understanding of best practices, then leverage that shared professional knowledge to provide high impact instruction to students.

We support our member educators in New England who are leading the charge to create learning environments that address the needs of 21st Century learners. Together, we are working to:

- ❖ Articulate learning targets that are meaningful and explicit
- ❖ Create authentic assessment opportunities that provide meaningful feedback to students, teachers, and communities
- ❖ Team with students to make the learning experience more engaging, personal and applied
- ❖ Leverage student data to focus change efforts

Our **Basic Level 1 Consortium** (\$3,500), includes:

- ❖ 3 full day, hands-on workshops where teams learn from inspiring presenters and leave with tangible products to forward their goals.

Sample topics include:

- ❖ Student achievement data - team analysis
 - ❖ Project based learning strategies
 - ❖ Teaching and assessing 21st century math practices
 - ❖ Cross content literacy strategies
 - ❖ School climate for student engagement
 - ❖ Quality performance assessments
 - ❖ Competency based classroom instruction
- ❖ 15 one-hour 21st Century Teaching webinars that can be viewed live or by recording at your convenience.
 - ❖ Access to our online discussion group and training resources.
 - ❖ Access to email, phone and virtual meeting support.

Join the **Level 2 Consortium** (\$6,500) to receive:

- ❖ All the services described in level 1
- ❖ An additional half day strategic planning session with building and/or district leadership
- ❖ 2 full days of school-site support

The Consortium offers affordable professional development designed to cultivate a creative, connected, and well-informed community of educators devoted to positive change for students.
