

DEMONSTRATED SUCCESS

Improving student learning by helping teachers do what they love

PROGRAM DEVELOPMENT FOR '18-'19 CONSORTIUM UNDERWAY

We believe that the best solutions derive from collaboration between colleagues, combined with action-oriented professional development. In our third annual Consortium, **Effective Instruction for 21st Century Learners**, we will continue to offer a combination of on-site team professional development, 3 full-day workshops, and live bi-weekly webinars. Depending on the individual goals of member districts, topics covered may include:

- *Analyzing Student Achievement Data in Collaborative Teams
- *Universal Design for Effective Learning for ALL Students
- *PBL Strategies for Real-World Opportunities
- *Teaching and Assessing 21stc Math Practices
- *Cross Content Literacy Strategies for Critical Thinking

BARKA SEES IMPRESSIVE RESULTS

In Fall 2018, Barka Elementary School in Derry launched a new intervention system developed by school administration with assistance from Demonstrated Success. This new protocol consisted of cycles of creating assessments, looking at data, determining student needs, re-teaching and re-assessing.

The results are

*Empowering Students: Leveraging Perception Data

*Instructional Practices for CBE

[Email us](#) for a complimentary informational appointment at your school or central office to learn how this Consortium can help meet your goals.

impressive. Some teams have witnessed 40% increases in pre-to post- assessments, and all teachers witnessed growth for their students on their chosen area of focus. Congratulations Barka teachers!

JUST FOR FUN

WE'RE GOING TO NELMS

We've got **ESP**, and know what you're thinking. Confused? Stop by booth #27 at the NELMS Conference April 4-6 and uncover the mystery. See you there!
