Participants: Grade K - 12 educators and building leaders

Upcoming Learning Opportunities:

- August: **One-day Kick-off session for school teams** (in 3 different locations)
- September and October: **Unpacking Lexile/Quantile Tools webinars**
- October: **Implementing Professional Learning Communities workshop** (in 4 different locations)
- October thru May: **3-credit (\$150/credit), hybrid course through Castleton University: "Systematic Use of Data to Improve Student Learning"**
- January: **Assessment Literacy 2-day workshop** (repeated in March and April)

Benefits

- Attend **August Kick-off session** as a team of 4 - 6, including a building leader, to work with coaches to **create a data plan for the upcoming school year.**
- **Gain 3 credits** (through Castleton University) while you develop and implement your school-wide data plan.
- **Learn systems, view models, and receive tools** to keep your **Professional Learning Communities** focused on student data and student learning.
- Evaluate and get coaching to **improve your school-wide Assessment System.**
